

☹️ Rather than 'I was responsible for organising our annual charity event'...

😊 'I organised our annual charity event, motivating and supervising my team; I was successful in publicising it via local media, which meant we benefitted from record attendance and a 30% increase in funds raised.'

☹️ Rather than 'Captain of swimming team' ...

😊 'I was elected captain of the swimming club; I organised training sessions and led the team to win the regional championship.'

☹️ 'Senior Prefect' could be better described...

😊 'As a senior prefect, I acted as a mentor and role model for younger students, supervising after-school clubs.'
